SUMMARY

Server-side developer leveraging a Bachelor of Arts in English. Received a full stack certificate from Georgia Tech, with a focus on Agile development in JavaScript, HTML5, CSS, React.js, and Node. Driven by a desire to develop apps that bring the perfect blend of joy and convenience to consumers. Strengths include creativity, teamwork, and sticking with projects all the way from ideation to execution.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS, basic Python

Applications: React.js, Node, Handlebars, Bootstrap, Express, MySQL, Sequelize

PROJECTS

T.S.G (The Song Goes)

| <https://github.com/TWetmore34/TSG-APP-Project-1>

| <https://oz4tech.github.io/TSG-APP-Project-1/>

Makes API fetch requests to search shazam for songs by lyrics, title, and artist.

- *Developed the JS API requests, and the elements generated by said requests.*
- *Shazam API, JavaScript, Bootstrap, and CSS*

Daily Dose of Code

| <https://github.com/TWetmore34/daily-dose-of-code>

| <https://desolate-escarpment-26537.herokuapp.com/>

Makes API fetch requests to search shazam for songs by lyrics, title, and artist.

- *Created routes, models, and front-end requests for custom API data.*
- *Worked on the embedded code editor*
- *Bootstrap, node.js, handlebars, Sequelize, mySQL, ACE.io, nodemailer*

EXPERIENCE

Supplemental Instructor

2021– 2022

Kennesaw State University,

Kennesaw, GA

Worked directly with first-year composition students to help enhance their learning experience and writing skills. Responsibilities included designing engaging weekly lesson plans, assisting students both inside and outside of class hours, and working closely with English faculty members to coordinate classroom activities.

Key Accomplishments:

- *Saw a letter grade increase with students who regularly attended sessions.*
- *Was responsible for upwards of 50 students over my tenure in the position.*
- *Created weekly newsletters to keep students informed on the happenings in class and the weekly SI sessions.*

EDUCATION

- **Boot Camp Certificate:** *Georgia Tech, Atlanta, GA*
- A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node.js, MySQL, MongoDB, Express, Handlebars.js, and ReactJS.
- **Bachelor of the Arts in English:** *Kennesaw State University, Kennesaw, GA*

- A 4 year degree program focused on close reading, analysis, document design, and technical writing.
